

# PLATE TECTONICS: PLATE BOUNDARIES

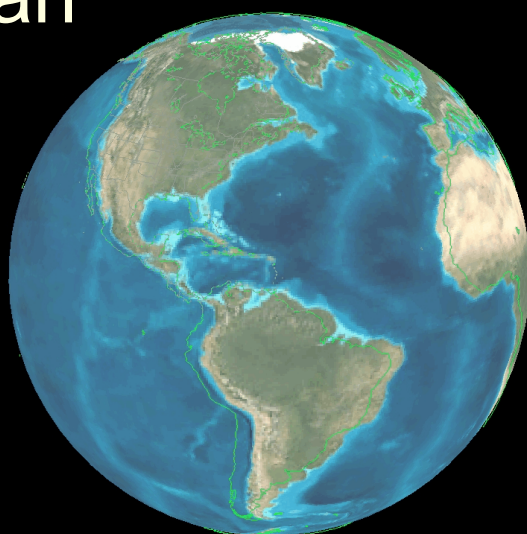

# PLATE PLATE

Piece the continents together like they were as the super continent Pangea.

Here we can  
see the  
Americas  
forming.

Time = 0020-01-01 001001002 BCE  
25 of 26

Here we  
can see  
Africa  
and  
Europe forming.

Time = 50000001-01-01 00:00:00.000 BDE

# Alfred L. Wegener

In 1910, Mr. Wegener formed a hypothesis which stated all the continents were once joined together in a giant landmass, he refer as the Super Continent or "PANGEA"

Geologist Alfred Wegener noticed similar rocks & fossil remains were found on continents which seemed to fit together, matching of glacial deposits, mountain ranges of the same age and Paleo-Climature zones.

# Matching of Glacial Deposits
